

THE CHARTERED INSTITUTE OF TAXATION OF NIGERIA

NEW PROFESSIONAL EXAMINATIONS SYLLABUS

-

EFFECTIVE DATE: APRIL 2020

VISION

To be one of the foremost professional associations in Africa and beyond

MISSION

To build an Institute which will be a citadel for the advancement of taxation in all its ramifications

MOTTO

Integrity and Service

CHAIRMAN'S STATEMENT

In this era of dynamic change affecting of all facets of business engagements, it is important that relevant information is shared for day to day running of affairs.

Professional bodies charged with educating members and the public in professional matters cannot also remain docile in the face of global stiff competition, hence the need to move with time.

The Chartered Institute of Taxation is aware of its role as spelt out in the Laws of the Federal Republic of Nigeria and thereby taking a lead in Taxation as a Profession. The Syllabus of the Institute for educating its members is always reviewed every five-year to address contemporary issues from time to time.

The current Syllabus will be expiring by the beginning of 2018 and will necessarily give way to a new one now being proposed.

The New Syllabus is benchmarked along with all other relevant professional syllabi all over the world to address salient developmental issues necessary for complete professional education. It is designed to make a Total Tax Practitioner, Administrator and Educator by every definition of terms. The Issue of *Professional Ethics driving global businesses today is given prominence in this syllabus. Besides, there is linkage between academic and professionalism to create a solid platform for Tax Education especially where there is a need for one exemption or the other

The Council of this Institute is therefore happy to present this syllabus before all and for the use of all.

Professor Ishola Rufus AKINTOYE (FCTI-680)

BA (Accounting & FM, Sunderland-UK), BSc (Economics- Ghana), MBA (Accounting & Finance), MSc (Finance), PhD (Accounting), PhD (Financial Management), FCA, FCTI, FNIM

*Professor of Accounting & Finance

*2017 ICAN Merit Awardee

*Chair, 1st CITN Professorial Chair of Taxation & Fiscal Policy

Chairman, Syllabus Review Committee, CITN

FOREWORD

The tax space is witnessing a major turnaround in the areas of policy, legislation, administration and tax practice. As a dynamic profession consisting of multiple disciplines, its curriculum must affirm its status as the melting point for the distillation and impartation of contemporary thoughts shaping those strands of disciplines from which taxation has birthed. Council of the Institute therefore learnt its weight behind this work by constituting the Syllabus Review Committee.

The Institute has produced a slim, simple and concise revised syllabus with clear and distinct subjects tailored towards affording Tax Professionals take on the onerous task of delivering an efficient tax system for the mutual benefit of everyone.

It is gratifying to note the conversion policy which gives old students the opportunity to migrate to the new syllabus while the newly registered students will commence from the new syllabus. At the end of the examination and subsequent induction into the full fledge membership of the Institute, the country would continue to be rest assured of possession of highly skilled and well groomed manpower required to propel taxation, as a profession to the next level.

The Institute remains grateful to the members of the Syllabus Review Committee under the able Chairmanship of Prof. Ishola Rufus Akintoye, FCTI, the first CITN Professorial Chair in Taxation, at Babcock University, for the steadfastness and commitment to the given mandate, inspite of the tight schedule. Contributions of other persons are also acknowledged including Pastor Benjamin Omonayajo, Chairman, Examination Committee, Dr. Godwin Emmanuel Oyedokun, Chairman, Education Committee and Dr. Titilayo Eni-itan Fowokan, Chairman, Students and Tertiary Institutions Affairs Committee. Other resource persons who submitted inputs to the Committee are also appreciated. This is to thank the staff of the Examination and Students' Affairs Department of the Institute headed by the Registrar/Chief Executive, Mr Adefisayo Awogbade, FCTI for their hard work in ensuring that this project sees the light of the day.

Chief (Dr) Cyril Ikemefuna Ede, FCTI
President/Chairman of Council

MEMBERS OF THE SYLLABUS REVIEW COMMITTEE

S/N	NAMES	STATUS	DESIGNATION
1.	Prof. Ishola Rufus Akintoye	Chairman	Accounting Department, Babcock University/CITN Professorial Chairperson

PROFESSIONAL EXAMINATION SYLLABUS

INTRODUCTION

The Chartered Institute of Taxation of Nigeria started on February 4, 1982 as Association of Tax Administrators and Practitioners. Thereafter, it metamorphosed into Nigerian Institute of Taxation, which was formally launched on February 21, 1982 and statutorily recognized on May 6, 1987 as a Company Limited by Guarantee. The Institute was chartered by the Federal Government of Nigeria through Decree number 76 of 1992 and was charged with the duty, among others of determining what standards of knowledge and skill are to be attained by persons seeking to become its members. Membership of the Institute cuts across such professions like Accounting, Law and other professionals who have acquired relevant tax experience.

AIMS AND OBJECTIVES

The aims and objectives of the Institute as laid down in its enabling Act are, among others, as follows:

- i. To raise, maintain and regulate the standard of taxation practice amongst its members.
- ii. To promote professional ethics and efficiency in tax administration and practice.
- iii. To encourage, promote and co-ordinate research for the advancement of taxation in Nigeria.

MEMBERSHIP

There are two main classes of membership of the Institute at the moment. These are Fellows and Associates.

FELLOWS

Associates who wish to advance to fellowship may do so by submitting an acceptable these and then satisfying the council that his/her work has been closely connected with and of direct relevance to Nigeria Taxation for an unbroken period of at least five (5) years prior to such application as fellow. In the alternative, a total qualifying period of at least five (5) years prior to such application may be considered if it falls within a period not exceeding ten (10) years immediately prior to such application for admission as a fellow.

ASSOCIATE MEMBERS

In accordance with the Charter and Rules and Regulations of the Institute, a person is admitted as an associate member on application, if he/she is a graduate member of the Institute and has acquired the relevant tax experience or has completed any of the recognized examinations of the Institute. Members of other professional bodies are admitted after they have served a specific period either in tax practice and administration.

DESIGNATORY LETTERS

Every member of the Institute having been admitted at appropriate level is entitled to use the following designatory letters after his/her name.

ACTI – Representing Associate Member of the Chartered Institute of Taxation of Nigeria.

FCTI – Representing Fellow of the Chartered Institute of Taxation of Nigeria.

MEMBERSHIP, FEES AND SUBSCRIPTION

Admission fees and annual subscription are payable by each member in accordance with the Rules and Regulations.

The Chartered Institute of Taxation of Nigeria
Tax Professionals' House
Plot 16, Otunba Jobi Fele way,
CBD, Alausa Ikeja
P.O. Box 1087, Ebute-Metta, Lagos State, Nigeria.
Tel: 09080888815
E-mail: citn@citn.org.
Website: www.citn.org

ABUJA LIASON OFFICE

David Ajibola Olorunleke's House
Block 26 (27), Abidjan Street, Wuse Zone 3,
Abuja, FCT, Nigeria
Tel: (234) 09-2918349
E-mail: citn@citn.org,
Website: www.citn.org

For more information about the syllabus, please contact:

Mr. Adefisayo Awogbade, FCTI
Registrar/Chief Executive
E-mail: registrar@citn.org.

ENTRY REGULATIONS AND REGISTRATION

A. REGISTRATION PROCEDURE:

Application for admission to student membership must be made on the prescribed form. This requires an undertaking on the part of the applicant to abide by the rules laid down by the Council from time to time. The procedure as stipulated below:

All forms for Application have to be filled online (www.citn.org/join_citn)

This information is by the order of the Council of the Chartered Institute of Taxation of Nigeria. For further enquiries, please, contact the Examinations and Students' Affairs Department of the Institute on studentsaffairs@ctn.org or exams@citn.org

Every applicant shall produce satisfactory evidence of age, name, character and eligibility together with photocopies of his/her educational certificates. The Council reserves the right to grant or refuse any application or to terminate the registration of a candidate. A successful applicant shall be required to pay the prescribed registration and annual subscription fees for the year; upon which he shall be allocated a student number. This number must be quoted in full in all communications with the Institute.

B. CONDITIONS TO BE SATISFIED

Every prospective candidate for admission to student membership must satisfy the Council that:

- He possesses the basic minimum educational qualification as set by Council.
- He is a fit and proper person to be registered.

Any student failing to comply with the above regulations may be liable for such penalties as the Institute may decide

C. ELIGIBILITY TO REGISTER

An applicant shall be eligible to register as a student if he/she possesses a minimum of:

- First degree, Higher National Diploma or its equivalent.
- Undergraduates with evidence of admission into higher institutions

EXAMINATIONS

1. Eligibility to Register for the Examination.

Entry for the Institute's Examinations is open to all registered student members of the Institute. A registered student member is however expected to have paid the regular annual subscription and entry fees in force at the date of entry.

2. EXAMINATION RESULTS AND CREDIT SYSTEM

The new credit system stipulates that candidates can sit for any number of paper up to four at a particular level. However, a candidate must finish a level before proceeding to another. That candidate must pass minimum of one (1) paper out of the four papers. Candidate will be credited with the paper(s) previously passed. There will be opportunity to re-write the remaining papers at subsequent examinations subject to limited period. Candidate writing the Professional Examinations would have a maximum of eight (8) years to pass all levels of examinations within which candidate will be credited with earlier passed papers, but start afresh if unable to satisfy this condition within the specified period. Any candidate who passes one paper out of all the papers written should be credited with that paper subject to the provision that the candidate must apply to sit for all papers he/she would have been eligible to participate in the diet. On completion of examination, candidate must has fulfilled a total credit requirement of 36units.

3. EXAMINATION STRUCTURE- STUDENT ASSESSMENT

FOUNDATION:

SECTION A	Multiple Choice Question	- 20 Questions	- 1 mark each
	Short Answers	- 10 Questions	- 1 marks each
	Sub – Total		30 marks

SECTION B	Theory	
	Question 1 is compulsory with 25 marks	25 marks
	Answer 3 questions out of 5 with 15 marks each	45 marks
	Sub – Total	70 marks
	Overall Total	100 marks

PROFESSIONAL TAXATION I

	Question 1 is compulsory with 40 marks	40 marks
	Answer 4 questions out of 6 with 15 marks each	60 marks
	Overall Total	100 marks

PROFESSIONAL TAXATION II

	Question 1 is compulsory with 40 marks	40 marks
	Answer 4 questions out of 6 with 15 marks each	60 marks
	Overall Total	100 marks

For all categories of exemptions, having only two subjects, without prejudice to the level can be combined within a diet, as far as the examination timetable does not clash.

8. Commencement Date of the new Syllabus

This new syllabus will take effect for new students from April 2020.

9. Absence from and Misconduct in an Examination

Examination entries cannot be withdrawn after the closing date for any reason whatsoever. Consequently, if a candidate decides not to attend or is unable to attend the examination, fees paid for the examination will not be returned or transferred to subsequent examinations. Any misconduct in an examination shall be referred to the Institute's Disciplinary Committee for necessary investigation and appropriate sanction.

Disciplinary actions as prescribed by the Council of the Institute will be taken against any candidate found guilty of Examination Malpractice or Misconduct.

The identity of candidate found guilty of either Examination Malpractice or Misconduct, the offence and disciplinary action meted against him/her will be published in the Institute's journal - Nigerian Taxation, CITN Newsletter and in some Daily Newspapers.

Such disciplinary actions include one or combinations of the following:

- i. Cancellation of results of the affected candidate;
- ii. Suspension of the affected candidate from the Institute's examination for one or more diets;
- iii. Blacklisting, in which case, the affected candidate will be banned from the Institute's examinations indefinitely;
- iv. Reporting the affected candidate to the member who sponsored the entry form for the examination;
- v. Reporting the affected candidate to his/her employer or guardians;
- vi. De-registration of the candidate;
- vii. Handing over the candidate to the law enforcement agents like Police;
- viii. Publishing the identity of the candidate, the offence and disciplinary actions in the Institute's journal, CITN Newsletter, newspapers, etc.

FOUNDATION

COURSE TITLE: PRINCIPLES OF TAXATION

Course Description:

This course is designed to introduce students to Taxation within the Nigerian context. It teaches students the fundamental principles of taxation to enable them to appreciate the course right from its meaning to how the Nigerian tax system operates. The focus of this course is to expose students to the basic knowledge and application of tax legislation to enable them to have better comprehension of other courses in taxation.

Prerequisites: Standard qualification requirements as approved by the Institute

Aims and Objectives of the Course:

At the end of this paper, candidates will be able to:

- i. Define tax and taxation; list the objectives and characteristics of taxation;
- ii. Explain the legislative framework of taxation;
- iii. Discuss theories of taxation and list types of taxes;
- iv. Describe the concepts of Nigeria tax system-tax policy, tax laws and tax administration; and
- v. Explain commonly used terms, other related fundamental concepts and principles of taxation required at an introductory level.

1. AN OVERVIEW OF TAXATION

- The Concept of Taxation
 - i. Definition/Meaning of Tax and Taxation
 - ii. The Difference between Tax and Other Charges
 - iii. Justification for Taxation as the most Reliable Source of Revenue to Government
- History of Taxation
 - i. Origin of Taxation
 - ii. Taxation in Nigeria: Colonial Era
 - iii. Taxation in Nigeria: Post Independence Era to Date
- Legislative Framework
 - i. Enabling Acts
 - ii. Sources of the tax laws in Nigeria
- Objectives of Taxation
 - i. Some of the purposes for which Government spends money
- Types of Taxes
 - i. Direct Tax
 - ii. Indirect Tax
- Classification of Tax
 - i. By Tax Base
 - ii. By Tax Incidence
 - iii. By Method-Proportional, Progressive, and Regressive
- Characteristics/Qualities of a Good Tax

- i. Equity and Justice; Convenience; Certainty; Administrative Efficiency; Neutrality; Flexibility; Impartiality; Simplicity

2. THE NIGERIAN TAX SYSTEM

- The Relationship between Tax Policy, Tax Law and Tax Administration
 - i. The National Tax Policy
- Nigerian Tax Administration:
 - i. The Joint Tax Board
 - ii. Federal Inland Revenue Service
 - iii. State Board of Internal Revenue
 - iv. Local Government Revenue Committee

3. OTHER FUNDAMENTAL CONCEPTS/PRINCIPLES

- i. Tax Appeal Tribunal
- ii. Tax Reforms
- iii. Tests of Trade
- iv. Definition of Employment
- v. Differences between Employment and Engagement on contract
- vi. Measurement of Income
- vii. Revenue Income/Expenses, Capital Income/Expense
- viii. Pioneer Status and other Tax incentives

COURSE TITLE: BUSINESS LAW

Course Description:

Taxation is based on law, thus it is important to understand the fundamentals of law, the legal system and how it operates. This course is aimed at introducing candidates to different types of corporate laws ranging from law of contract, law relating to sale of goods, agency law, company law, intellectual property law, employment law, revenue law and other relevant laws.

Aims and Objectives of the Course:

The purpose of this course is to examine candidates' knowledge and understanding of the general principles of Law with particular reference to Nigerian legal and tax system and basic principles regulating business transactions.

Candidates are expected to be able to identify and apply the elements of contracts, applicable legal principles to different types of transactions and how they may be impacted by taxes. The course also seeks to introduce candidates to revenue laws in Nigeria, modalities for interpretation and administration as well as overview of the available dispute resolution mechanisms.

It prepares candidates for subsequent courses. It is considered prerequisites for the following courses: Practice of Income & Indirect Taxation, Income Tax for Specialized Businesses, International Taxation as well as Tax Audit & Investigation. It also enhances ability to provide practical advice upon becoming a chartered tax practitioner.

COURSE CONTENTS

1. INTRODUCTION TO NIGERIAN LEGAL SYSTEM & REVENUE LAW:

- i. Introduction to the concept of Law
- ii. Nature and functions of Law
- iii. Nigerian legal system and administration of law
- iv. Sources of Nigerian law
- v. Relationship of the Legislature, Executive and Judiciary
- vi. Concept of dispute resolution Hierarchy of courts in Nigeria
 - Industrial Courts
 - Administrative Tribunals
 - Tax Appeal Tribunals
 - High court jurisdiction (Federal/State) – controversy on exclusive jurisdiction of FHC
 - Alternative Disputes Resolution (Mediation & Arbitration)
 - Role of Centre for Dispute Resolution
 - Court of Appeal
 - Supreme Court

- vii. Overview of tax system, power to make laws (taxing laws) and constitution of taxing rights, quasi-laws, circulars, guidelines etc.
- viii. Introduction to tax statutes/Categorisation of taxes
 - Income Tax
 - Companies Income Tax Act
 - Personal Income Tax Act
 - Petroleum Profit Tax Act
 - Tertiary Education Tax Act
- ix. Capital Gains Tax Act
- x. Indirect tax/transaction taxes
 - Value Added Tax Act
 - Stamp Duties Act
 - Customs and Excise Management Act
- xi. Special Incentives
 - Industrial Development (Income Tax Relief) Act
 - Nigeria Export Processing Zones Act
- xii. Interpretation of tax laws
- xiii. Tax administration in Nigeria
 - Federal Inland Revenue Service
 - State Inland Revenue Service
 - Joint Tax Board
 - Local Government Revenue Committee

2. BASICS OF CONTRACT

- i. Formation of contracts – Key Elements
- ii. Formalities
- iii. Capacity to contract
- iv. Contents of contracts
- v. Vitiating factors
- vi. Sales of Goods
- vii. Discharge of contract
- viii. Remedies for breach of contract (damages, specific performance)
- ix. Major types of contracts and effect

3. LAW OF CONTRACT

- i. Classification of Torts
- ii. Categories of liabilities

- iii. Negligence
- iv. Occupiers' liability
- v. Product liability
- vi. Vicarious Liability
- vii. Passing off

4. AGENCY

- i. Agency – appointment,
- ii. Relationship between principal and agent – rights and duties
- iii. Implication of agency relationship
- iv. Termination

5. SALE OF GOODS/HIRE PURCHASE

- i. What constitutes Sale
- ii. Conditional sale and Protecting the consumer
- iii. Passing of ownership and risk
- iv. Conditions, warranties and exclusion clauses
- v. Duties and Liabilities of Carriers
- vi. Stoppage in Transit
- vii. Remedies and Obligations of buyer and seller
- viii. Consumer Credit (Hire Purchase, Credit Sales and Leasing)
 - Characteristics of hire purchase
 - Rights and duties of parties under hire purchase
 - Concept of leasing
 - Types of leasing and characteristics
 - Concept of credit sales
- ix. Delivery of the goods and highlights of various INCOTERMS (e.g. Free on Board, duty delivery paid, cost insurance & freight etc)

6. COMPANY LAW

Nature and types of business vehicles

- i. Sole Proprietorship
- ii. Partnership/Business name
 - Doctrine of holding out
 - Formation & dissolution of Partnership & types of Partner
 - Relationship of Partner with one another & with outsiders i.e. Rights & Duties of Partners.
 - Liabilities of Partner

- iii. Incorporated Trust
- iv. Companies
 - Promotion and Formation of Companies. Nigerian v Foreign Investment
 - Capital - Shares and Debentures and other securities
 - Types of shares (increase or reduction in capital)
 - Distribution/return on investment
 - Directors and Secretaries
 - Corporate Insolvency and Cessation of Business
 - Corporate Restructuring, Mergers & Acquisition

COURSE TITLE: ECONOMICS

Aims and Objectives of the Course:

The aim and objective is to examine the candidate's knowledge and understanding of the basic economic of microeconomics and macroeconomics policies; and how they are applied in the real world.

COURSE CONTENTS

PART1: MICROECONOMICS

1. NATURE AND MEANING OF ECONOMICS

- i. Fundamental concepts – Meaning of economics, Scarcity, choice, scale of preference and opportunity cost
- ii. Economic models and Economic methods
- iii. Microeconomics and macroeconomics
- iv. Economic system- Central problems of an economy
- v. Production possibility curve and Resources allocation
- vi. Types and resources allocation under different economic system (Free market economy, centrally controlled economy, mixed economy)

2. PRICE SYSTEM

- i. Functions of price and price mechanism
- ii. Theory of Demand-Meaning, laws, types, determinants, exceptions, change and shift in demand
- iii. Theory of Supply-Meaning, laws, types, determinants, exceptions, change and shift in supply
- iv. Equilibrium and disequilibrium in demand and supply
- v. Elasticity of demand and supply, types (price, income and cross elasticity) and their calculations
- vi. Elasticity of demand and supply and tax incidence
- vii. Factors affecting elasticity of demand and supply
- viii. Government Intervention through price control and its effects.

3. CONSUMER BEHAVIOUR

- i. The basis of consumer demand–Utility
- ii. Cardinal utility theory and ordinal utility and their assumptions, utility maximization
- iii. Indifference curves theory
- iv. Characteristics of Indifference curve
- v. Total and marginal utility concepts
- vi. The law of diminishing marginal utility
- vii. Consumer surplus

4. PRODUCTION AND COSTS

- i. Factors of production and their rewards
- ii. Production functions

- iii. The law of diminishing returns-Total product (TP). Average product (AP) and Marginal product (MP)
- iv. Isoquant and Isocost curves
- v. Pricing of factors of production
- vi. Theory of cost – Opportunity cost, sunk costs, explicit and implicit costs, short run and long run concept
- vii. Total cost, fixed cost, variable cost, average cost and marginal cost
- viii. Concept of revenue- Total, average and marginal revenue
- ix. Cost minimization and profit maximization.

5. THEORY OF FIRMS AND LOCATION OF INDUSTRY

- i. Concepts of firm, industry and market
- ii. The goals of the firms
- iii. Market structure: Characteristics, pricing and output decision under the following markets- Perfect competition, monopoly, monopolistic and oligopoly
- iv. Profit maximization and cost maximization
- v. Price discrimination under monopoly
- vi. Location of industry – Reasons, advantages and problems of industrialization in Nigeria
- vii. Localization of industry – Industrial concentration- advantages and disadvantages
- viii. Industrial promotion policy in Nigeria
- ix. Privatization, commercialization, mergers, e-Commerce and firms’ acquisition policy in Nigeria.

PART 2: MACROECONOMICS

1. NATIONAL INCOME ANALYSIS

- i. Meaning of Macroeconomics
- ii. Definition of national income
- iii. The circular flow of Income
- iv. Basic concepts of national income- Flow variable, Stock variable, Model, Variables, Gross Domestic Product (GDP), Gross National Product (GNP), Net National Product (NNP), Personal income, Disposable income, Per capita income etc
- v. Methods of measuring national income: Expenditure Approach, Income Approach and Output Approach
- vi. Difficulties in measuring national income
- vii. Factors influencing the national income
- viii. Uses of national income accounting
- ix. Limitations of National Income in International and Intertemporal Comparison
- x. Reasons for differences in the National Income of different countries
- xi. Aggregate Demand/Supply: Consumption, Investment, Government expenditure, Export and Import, Aggregate supply, Saving, Marginal Propensity to consume and to save etc.
- xii. The accelerator principle.
- xiii. Consumption and savings functions, marginal and average propensities to consume(MPS),

- determinants and multiplier analysis
 - xiv. National income equilibrium: The Injection-Withdrawal approach and the aggregate output – aggregate demand approach
 - xv. Multiplier Concept
2. **MONEY, BANKING AND OTHER FINANCIAL INSTITUTIONS**
- i. Definition, types, feature and its functions
 - ii. Demand and supply of money
 - iii. Motives, determinants for demand and supply of money
 - iv. Central Bank, Money Deposit Banks, Microfinance Banks their roles and functions
 - v. Other financial institutions – Insurance, Credit Bureau, Bureau-de-change etc.
 - vi. The Capital market – Nigerian Stock Exchange (NSE) and Security and Exchange Commission(SEC)
 - vii. Roles of money and capital market in economic development.
3. **PUBLIC FINANCE**
- i. Concept of public finance
 - ii. Government revenue and Pattern of government expenditure.
 - iii. Theory of taxation – Categories and classification of taxation, objectives and functions
 - iv. National Budgets – types and its roles, sources of financing deficit budget
 - v. Economics of the public debts
 - vi. Fiscal and monetary policies: Meaning, objectives, instruments and limitations.
4. **INFLATION AND UNEMPLOYMENT**
- i. Inflation-Definition, Types, Causes, Effects and control
 - ii. Unemployment-Definition, Types, Causes, Consequences and Remedies
5. **GROWTH AND DEVELOPMENT**
- i. Distinction between growth and development
 - ii. Theories of economic growth and development
 - iii. Characteristics of developed and developing nations
 - iv. Problems of economic development in the third world countries
 - v. Roles of government in economic growth and developmental processes in Nigeria
 - vi. Development planning: Meaning, Objectives, Argument for and problem of development planning.
6. **INTERNATIONAL TRADE AND FINANCE**
- i. International Trade-Definition and reasons for it, internal and international distinction
 - ii. Advantages/disadvantages of international trade
 - iii. Theory of comparative cost advantage
 - iv. Terms of trade, balance of trade and payments
 - v. Free trade and trade restrictions- Argument for and against
 - vi. Balance of payment equilibrium and disequilibrium, causes and corrections
 - vii. Foreign exchange market and its functions
 - viii. Currency devaluation, depreciation and appreciation and their implications.
-

7. REGIONAL AND INTERNATIONAL ECONOMIC INTEGRATION

- i. Roles/functions and contributions of:
- Economic Community of West African States(ECOWAS)
 - African Union(AU)
 - East African Community(EAC)
 - South African Development Community(SADC)
 - African Development Bank(ADB)
 - World Trade Organization(WTO)
 - Organization of Petroleum Exporting Countries(OPEC)

PROFESSIONAL TAXATION I

COURSE TITLE: FINANCIAL REPORTING

Aim

The financial accounting from the foundation level is taken up a level into financial reporting in the context of more complex events and transactions with a greater emphasis on compliance with regulations including International Accounting Standards and generally accepted accounting principles.

Candidates will be expected to demonstrate an understanding of and competence in financial statement preparation, analysis, interpretation and reporting.

Main competencies

On successful completion of this paper, candidates are expected to be able to:

- i. Explain the importance of a regulatory framework for accounting and reporting;
- ii. Identify and state the circumstances in which private sector entities are required to prepare and present statutory financial statements;
- iii. Identify and state the laws, regulations accounting standards and other requirements that govern the production of financial statements by public and private sector entities;
- iv. Account for specific transactions in accordance with relevant international accounting standards;
- v. Draft and present financial statements, or extract from them, of an entity and simple groups in accordance with its chosen policies and in accordance with IFRS and local laws;
- vi. Assess the circumstances in which the use of IFRS for companies may not be required;
- vii. Analyse and interpret financial statements of an entity and simply groups; and
- viii. Understand recent developments and ethical issues in the area of financial reporting.

Detailed Syllabus

A. Conceptual and regulatory framework for financial reporting

Conceptual Framework

- i. Explain the meaning and purpose of conceptual framework.
- ii. Explain the objectives, qualitative characteristics and limitations of financial statements.
- iii. Discuss the underlying assumptions in preparing financial statements.
- iv. Identify users of financial statements and their information needs.
- v. Identify and discuss the components of financial statements.
- vi. Explain the concept of capital maintenance.
- vii. Differentiate between principle-based and rule-based financial reporting frameworks.
- viii. Discuss accrual, cash and breakup bases of accounting.

Regulatory framework

- i. Identify and discuss laws, regulations, accounting standards and other requirements that govern the preparation of financial statements.
- ii. Identify and discuss relevant provisions of Companies and Allied Matters Act Cap C20 LFN 2004, and special pronouncements by regulatory authorities (CBN, NDIC, FRCN, NAICOM, NSE, SEC, PENCOR, etc.)
- iii. Explain the standard setting process of International accounting standards board (IASB) and relationship with national standard setters.
- iv. Discuss the process of adoption of IFRS and applicable local standards.
- v. Explain the peculiar nature and relevant frameworks of specialized, not-for-profit and public sector entities (including IFRS, national standards and IPSAS).

B. Accounting standards and policies relating to specific transactions in the financial statements

1 Tangible non-current assets (IAS 16)

Calculate (where necessary), discuss and account for tangible non-current assets in accordance with the provisions of relevant accounting standards (IAS 16, IAS 20, IAS 23, IAS 40, and IFRS 5).

2 Intangible non-current assets (IAS 38)

Calculate (where necessary), discuss and account for intangible non-current assets in accordance with the provisions of relevant accounting standard (IAS 38).

3 Impairment of tangible and non-intangible assets (IAS 36)

Calculate (where necessary), discuss and account for impairment of tangible and intangible non-current assets in accordance with the provisions of relevant accounting standard (IAS 36), excluding financial assets and liabilities.

4 Fair value measurement, financial assets and liabilities

(a) Differentiate between debt and equity financial instruments.

(b) Calculate (where necessary), discuss and account for fair value measurement of financial assets and liabilities in accordance with the provisions of relevant accounting standards (IAS 32, IFRS 7 and IFRS 9, IFRS 13) with respect to measurement, recognition, de-recognition and disclosures, excluding hedging but including simple impairment cases.

5 Inventories and revenue from contracts (IAS 2, IAS 41, IFRS 15)

Calculate (where necessary), discuss and account for inventories and revenue from contracts in accordance with the provisions of relevant accounting standards (IAS 2, IAS 41 and IFRS 15).

6 Provisions, contingent liabilities and contingent assets and events after the reporting period (IAS 37, IAS 10)

Calculate (where necessary), discuss and account for provisions, contingent liabilities and assets as well as events after the reporting period in accordance with the provisions of relevant accounting standards (IAS 10, IAS 37).

7 Income Taxes (IAS 12)

Calculate (where necessary), discuss and account for income tax including current and deferred tax in accordance with the provisions of relevant accounting standard (IAS 12).

C. Preparing and presenting separate financial statements

Preparation of financial statements

- i. Calculate (where necessary), discuss and account for accounting policies and changes in accounting policies in accordance with the provisions of IAS 8 – Accounting policies, changes in accounting estimates and errors.
- ii. Prepare and present entities' separate financial statements including statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity and relevant notes in accordance with IAS 1 – Presentation of financial statements.
- iii. Prepare and present statement of cash flows for single entity in accordance with IAS 7 using direct & indirect methods.

D. Preparing and presenting financial statements of simple group (parent, one subsidiary and an associate)

1. Understanding a simple group

- (a) Explain the concept of group especially a simple group and the objectives of preparing group financial statements.
- (b) Discuss the provisions of the relevant accounting standards for the preparation and presentation of financial statements of simple group – (IAS 27, IAS 28, IFRS 3, and IFRS 10), including the use of fair value for non-controlling interest.
- (c) Calculate non-controlling interest using alternative methods and effect necessary adjustments required to prepare the financial statements of simple group.

Preparation and presentation

- i. Prepare and present statement of financial position of a simple group (one subsidiary and an associate in accordance with the provisions of relevant standards (IAS 1, IAS 27, IAS 28, IFRS 3 and IFRS 10).
- ii. Prepare and present income statement including other comprehensive income of a simple group (one subsidiary and an associate), in accordance with the provisions of relevant standards (IAS 1, IAS 27, IAS 28, IFRS 3 and IFRS 10).
- iii. Prepare and present statement of cash flows of a simple group (one subsidiary and an associate), in accordance with the provisions of IAS 7.

E. Financial statement analysis and interpretation

1 Understanding various types of analyses that financial statements may be subjected to and ratios used in the analysis

- i. Identify and discuss the types of analyses and interpretation of financial statements.
- ii. Discuss the various aspects of financial position and performance that may be assessed (profitability, liquidity/solvency, gearing, investors' returns) through the analyses and interpretation of financial statements.
- iii. Define ratio, identify and calculate various types of ratios used in the assessment of financial position and performance of a business entity.
- iv. Analyse and interpret computed ratios and assess the current period financial position and performance of a business entity in comparison to (1) its prior period, (2) another given entity for the same period and (3) industry average for the same period.
- v. Analyse and interpret computed ratios and assess the current period financial position and performance of a simple group (one subsidiary and associate) in comparison to (1) its prior period, (2) another given simple group entity for the same period and (3) industry average for the same period.
- vi. Discuss the use of cash flow statement in assessing liquidity and compare its usefulness with that of a statement of profit or loss and other comprehensive income when assessing liquidity and going concern of a business entity.
- vii. Explain the use of earnings per share (EPS) in assessing the performance of corporate entities in the capital market, especially capital market reaction to earnings announcement.

Where necessary, write report as may be required when analysing and interpreting the financial position and performance of a business entity and simple group, drawing conclusions, making recommendations and giving advice from the perspectives of different stakeholders.

Limitations of analyses and interpretation of financial statements

- i. Discuss the limitation of historic financial information in the analyses and interpretation of financial statements.

- ii. Explain how financial statements may be manipulated and discuss the impact of window dressing and creative accounting on calculated ratios and how they can distort analyses and interpretation of financial statements.
- iii. Explain how analyses and interpretation of financial statements of specialized and not-for-profit organizations differ from that of profit-oriented organizations.
- iv. Explain why earnings per share (EPS) trend may be a better indicator of performance when compared to a company's profit trend and discuss the limitations of using EPS as a performance measure.
- v. Explain why and how the use of consolidated financial statements might limit analyses and interpretation techniques.
- vi. Discuss the use of other information, including non-financial information relevant to the assessment of an entity's performance.

Ethics and current developments in financial reporting

- i. Discuss developments around the inclusion of non-financial information in financial reporting.
- ii. Discuss new accounting standards in issue as may be specified from time to time.
- iii. Discuss and apply ethical issues in financial reporting.

Applicable Accounting Standards:

Preface to IFRS
 Conceptual Framework for Financial Reporting
 IAS 1 Presentation of Financial Statements
 IAS 2 Inventories
 IAS 7 Statement of Cash Flows
 IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
 IAS 10 Events after the Reporting Period
 IAS 12 Income Taxes
 IAS 16 Property, Plant and Equipment
 IAS 20 Accounting for Government Grants and Disclosure of Government Assistance
 IAS 23 Borrowing Costs
 IAS 27 Separate Financial Statements
 IAS 28 Investments in Associates
 IAS 32 Financial Instruments: Presentation
 IAS 36 Impairment of Assets
 IAS 37 Provisions, Contingent Liabilities and Contingent Assets
 IAS 38 Intangible Assets
 IAS 40 Investment Property
 IAS 41 Agriculture
 IFRS 3 Business Combinations
 IFRS 5 Non-current Assets Held for Sale and Discontinued Operations
 IFRS 7 Financial Instruments: Disclosures
 IFRS 9 Financial instruments
 IFRS 10 Consolidated Financial Statements
 IFRS 13 Fair Value measurement
 IFRS 15 Revenue from contracts with customers

All new standards may be examined after six months from the date of issue

All applicable laws may be examined after six months from date of amendment or enactment

COURSE TITLE: INCOME TAXATION

Course Description:

The course provides a structured approach to students gaining knowledge into the direct tax laws in force and insight into procedural aspects of assessment of tax liability for various taxpayers. It also provides an in-depth study of the various provisions of the direct taxation laws and their impact on business decision-making.

Prerequisites: Principles of Taxation and Financial Accounting

Aims and Objectives of the Course:

At the end of this paper, candidates will be able to:

- i. Understand the detailed principles underlying the Companies Income Tax Act, Tertiary Education Tax, Nigeria Information Technology Development Tax, Personal Income Tax Act and Capital Gains Tax Act
- ii. Compute the taxable income of a taxpayer
- iii. Analyze the assessment procedures and representation before appropriate authorities under the law
- iv. Analyze the available objection and dispute processes

COURSE CONTENTS

1. ACCOUNTING STANDARDS

- i. Impact of accounting standards on taxable profit
- ii. Deferred tax and difference between income tax and levy under IFRS (IAS 12 and IFRIC 21)

2. ADMINISTRATION OF COMPANIES INCOME TAX

- i. Constitutionality of income tax and administrative powers of the Federal Inland Revenue Service
- ii. Registration
- iii. Types of assessment (Government assessment, turnover basis of assessment/best of judgment assessments, self-assessment)
- iv. Objection and appeals process (Time limit for appeals, contents of notices of assessment, contents of notices of objection, amendment of assessments and notice of refusal to amend, Tax Appeal Tribunal, Courts etc.)
- v. Statute of limitation and powers of the tax authorities to audit open years
- vi. Components of the tax returns (capital allowances, financial statements, assessment forms, etc.)
- vii. Filing due date and payment due date (including resolving the conflicts between the self-assessment regulations and the Companies Income Tax Act)
- viii. Tax clearance certificate (content, timing for issuance of tax clearance certificate, conclusions reached from the Warm Spring and Ors vs FIRS on issuance of TCC)

3. SCOPE OF COMPANIES INCOME TAX, TERTIARY EDUCATION TAX, NIGERIA INFORMATION TECHNOLOGY DEVELOPMENT LEVY

- i. Persons Chargeable for the various taxes
 - Definition of Nigerian and Foreign companies,
 - Definition of companies liable to NITDA levy, examples and ambiguities
- ii. Treatment of residents and non-resident companies
- iii. Capital vs revenue – receipts, expenditures
- iv. Concept of business profits and passive/investment income
- v. Definition of Non-resident companies (NRCs) under the CITA.
- vi. Legal Basis of Income Taxation for NRCs – Reference to Section 13 (2) of the CITA

- vii. Define and explain the concepts of fixed base; dependent agent; turnkey projects and arms-length transaction and how they apply to NRCs.
- viii. Determination of CIT payable by NRCs (candidates are to note that the basis for arriving at the taxable profits is similar for Nigerian companies – however, reference should also be made to the turnover method – Deemed profit model)
- ix. Basis for non-payment of Tertiary Education Tax for NRCs
- x. Other special issues which include:
 - Capital importation and repatriation issues which typically arise from the absence of a certificate of capital importation.
 - Format of audited accounts used in tax filing
 - Obligation to withhold tax on payments to vendors

4. COMPUTATION OF COMPANIES INCOME TAX AND TERTIARY EDUCATION TAX

- i. Difference between assessable profit and total profit
- ii. Incomes chargeable to tax and incomes exempted from tax
- iii. Allowable and non-allowable expenses
- iv. Adjustment of income for tax purposes
- v. Determination of basis period
- vi. Currency for tax settlement and implications for functional currency,
 - exchange losses (realized vs unrealized)
 - Conversion of foreign currency income to Naira for N10 retention for capital allowances, small companies tax rate and percentage applied to turnover for minimum tax purposes
- vii. Commencement rule, change of accounting date and cessation rule
- viii. Qualify capital expenditure
- ix. Capital allowances
- x. Treatment of research and development costs (capital, revenue and provisions) and rural investment allowance
- xi. Computation of CIT
- xii. Loss relief
- xiii. Minimum tax computation and excess dividend tax under Section 29 of CITA
- xiv. Treatment of dividend income and distributions (including definition of dividend, franked investment income and treatment of profits of holding companies, treatment of non-distribution of dividend for company with 5 shareholders or less)

5. CAPITAL GAINS TAX

- i. Charge to tax and persons chargeable
- ii. Chargeable assets and examples (including examples of property created by the person disposing of it, or otherwise coming to be owned without being acquired)
- iii. Treatment of residents with assets inside Nigeria and assets outside Nigeria
- iv. Treatment of non-residents with assets inside Nigeria and treatment of non-residents with assets outside Nigeria
- v. Definition of location of assets (movable vs immovable) for CGT purposes
- vi. Exclusion of losses, part disposal of assets and roll-over relief
- vii. Treatment of compensation for loss of office, retirement benefit schemes, policy of insurance and instances where no asset is acquired by the person paying the capital sum
- viii. Date of acquisition and valuation of assets (including artificial transactions and transactions between connected persons)

- ix. Exemptions and exclusions
- x. Part disposal of assets and bargains comprising 2 or more transactions

6. ADMINISTRATION OF PERSONAL INCOME TAX

- i. Constitutionality of income tax and administrative powers of the State Internal Revenue Service and Joint Tax Board
- ii. Registration for personal income tax and PAYE
- iii. Types of assessment (Direct assessment, self-assessment system and PAYE)
- iv. Objection and appeals process (Time limit for appeals, contents of notices of assessment, contents of notices of objection, amendment of assessments and notice of refusal to amend, Tax Appeal Tribunal, Courts etc.)
- v. Statute of limitation and powers of the tax authority
- vi. Components of the tax returns
- vii. Filing due date and payment due date

7. PERSONAL INCOME TAX ON INDIVIDUALS

- i. The charge to tax and persons chargeable
- ii. Principle of residence and determinants of relevant tax authority
- iii. Taxation of non-resident individuals
- iv. Computation of chargeable incomes
- v. Computation of minimum tax
- vi. Computation of PIT, rates, etc.
- vii. Earned income vs unearned income
- viii. Reliefs, Charges and statutory deductions
- ix. Income Tax Aspects of Transparent vehicles - Trusteeship, Partnerships etc.
 - Trust
 - Settlements
 - Estates
 - Partnerships
 - Existing partnership
 - Commencement of partnership
 - Dissolution of partnership
 - Admission of new partner(s)

8. OPERATION OF PAY AS YOU EARN (PAYE)

- i. Status – employed vs self-employed/contractor and implication for PAYE vs Withholding Tax
- ii. Responsibility for PAYE (employer and manager) – agency workers and managed services scenarios
- iii. Earnings and benefits treated as income and exclusion for employment related expenses
- iv. Deductions allowed from employment Income
- v. Taxation of expatriate employees
- vi. Valuation and Taxability of Perquisites, Benefit-in-kind, non-payroll allowances, benefits and other contentious issues under PAYE
 - Gratuity
 - Payment in lieu of notice
 - Reasonable removal expenses
 - Per diem and estacodes
 - Employer provided loans and advances

- Employer provided accommodation
- Reimbursable expenses

9. WITHHOLDING TAX ON COMPANIES AND INDIVIDUALS

- Treatment of non-residents for business profits and passive income
- Determination of employee for PAYE vs contractor for WHT
- Items subject to WHT and exemptions for sales in the ordinary course of business and capital sums
- Other exemptions from withholding tax
- Treatment of passive income for withholding tax purposes

COURSE TITLE: INDIRECT TAXATION

Course Description:

The course provides student with in depth knowledge of the indirect tax laws in force and insights into procedural aspects of assessment of tax liability for various taxpayers. It also provides a detailed study of the various provisions of indirect taxation laws and their impact on business decision-making.

Prerequisites: Principles of Taxation and Financial Accounting

Aims and Objectives of the Course:

At the end of this paper, candidates will be able to:

- i. Understand the principles underlying the Indirect Taxation Statutes with reference to”
 - Customs and Excise Management Act,
 - the Customs, Excise Tariff, etc. (Consolidation) Act
 - Stamp Duties Act,
 - Hotel Occupancy, Restaurants and Event Centre Consumption Tax Laws,
 - Value Added Tax,
 - Cabotage and local content levies etc.
 - Taxes application to transfer and use of property.
- ii. Compute the assessable value of transactions related to goods and services for levy and determination of duty liability and VAT liability.
- iii. Identify and analyze the procedural aspects under different applicable statutes related to indirect taxation.

COURSE CONTENTS

1. LEGAL BASIS AND NATURE OF INDIRECT TAX

- i. Constitutional validity of Value Added Tax (VAT), consumption tax and various levies (including taxes introduced by enactment of new laws)
- ii. Features of indirect tax
- iii. Powers to administer various indirect taxes and sharing formula between tiers of Government for Value Added Tax

2. HISTORY OF VAT AND GENERAL PRINCIPLES

- i. General definition of VAT
- ii. Difference between variant of VAT practiced in Nigeria and the variant practiced in most parts of the world.
- iii. International principles for cross border - Destination versus origin principles

3. IMPOSITION OF VAT

- i. Scope of coverage

- Definition of taxable person
 - Definition of supply including
 - Application of the tax on leases with a focus on what constitute taxable goods given the use of the phrase “letting of taxable goods...”
 - Definition of taxable goods and services (lack of definition vs definition in sale of goods Act and the Black Law’s dictionary)
 - Out of scope transactions - Federal High Court in the Judgment between the Federal Inland Revenue Service (FIRS) and CNOOC
 - Responsibility of Government Ministries and Agencies
 - Non-Resident Companies
- ii. Schedule of exempt items –
 - Exemptions in the law vs exemptions by the FIRS information Circulars
 - Clarification on whether VAT would apply on any transaction which is not specifically exempted in the VAT Act
 - iii. Schedule of zero-rated items with examples
 - iv. Definition and application of VAT on imported goods and services including value of imported goods.
 - v. Definition and application of VAT on exported goods and services – compared and contrasted with destination and origin principles

4. ADMINISTRATION OF VAT

- i. Timeline for registration – commencement of business or commencement of the Act and how it applies to new businesses.
- ii. Process of Registration
- iii. Obligation to register for VAT by Non-resident companies

5. RETURNS, PAYMENT AND OFFENCES

- i. Obligation to issue a tax invoice and description of a tax invoice
- ii. Definition of output tax
- iii. Definition of input tax and allowable input tax
- iv. Obligation to deduct the tax at source (application to Government Ministries, Agencies, Non-resident companies (NRCs) and Oil and gas Industry)
- v. Impact of obligation to deduct on Oil and gas industry and allowable input VAT claim in the industry
- vi. Obligation (specifically who is obliged to) and timeline for submitting returns
- vii. Obligation to remit and timeline for remitting tax collected
- viii. Cash vs Accrual method of reporting and payment of VAT
- ix. Penalties
 - Provision of false documents

- Evasion of tax
- Failure to notify change of address
- Failure to issue a tax invoice/issuance of a tax invoice by unauthorized persons
- Failure to register
- Failure to submit returns
- Failure to keep records

6. CASE LAW

7. CUSTOMS AND EXCISE DUTIES

- i. Delivery terms (incoterms) – impact on liability for duty and VAT
- ii. Tariff classification and rates of duty
 - Rules of classification
 - Tariff quotas, tariff suspensions and reliefs
 - Duty drawback and duty draw back facilities
 - Temporary importation permits
 - Bonded warehouse
 - Export Processing Zones
 - ECOWAS Trade Liberalization Scheme
- iii. Customs valuations
- iv. Procedural aspects for importation and exportation
 - Import license
 - Export license
 - Regulators – Nigerian Export Promotion Council, Nigerian Customs Service, Standards Organisation of Nigeria, Nigeria Agency for Food and Drug Administration and Control, etc
- v. Export Expansion Grant
- vi. Excise duties
 - Dutiable liquor and tobacco products and statutory definitions
 - Valuation of goods for excise duty purposes
 - Excise factory
 - Removals and warehousing

8. STAMP DUTIES

- i. Administration
- ii. Types of stamps
- iii. Chargeable interests, transactions and consideration

- iv. Ad valorem and fixed charge and schedule of rates and charges
- v. Exemptions and reliefs (transfer of shares, transfer of property within a group, acquisition of vessels etc.)
- vi. Recent developments and cases on stamp duties e.g. Stanbic IBTC vs FIRS on N50 stamp duty

9. OTHER INDIRECT TAXES AND TRENDS

- i. Other indirect taxes
 - Niger Delta Development Commission Fund
 - Hotel Occupancy and Restaurant Consumption Tax
 - Levies imposed by the Nigerian Maritime Administration and Safety Agency
 - Local content surcharge imposed on transactions in the oil and gas industry
 - Governor's consent and taxes applicable to transfer of property
 - Tenement rates and taxes on utilization of property
- ii. Recent trends
 - Electronic fiscal devices
 - Base Erosion and Profit Shifting proposals on the digital economy (taxing remote digital supplies)

COURSE TITLE: GOVERNANCE, RISK AND ETHICS

Course Description:

This course seeks to enhance candidates' level of knowledge on contemporary business issues ranging from strategic management to effective risk management framework, sound corporate governance and importance of ethics in a business environment.

Prerequisite: Corporate Law, Economics, Principles of Taxation, Income Taxation, and Taxation of specialized businesses.

Aims and Objectives of the Course:

At the end of this paper, candidates will be able to:

- i. Discuss strategic management process including its benefits, distinguish between policy and strategy, and explain the elements of SWOT analysis.
- ii. Explain the concept of risk, risk management and Enterprise Risk Management
- iii. Discuss risk management framework and state some international risk management standards
- iv. Define governance and explain the principles of good governance for both private and public sector
- v. Understand the importance of ethics, including tax transparency and morality, to the larger business society.
- vi. Explain the ethical code of conduct as provided in CITN Professional Rules and Practice Guidelines (PRPG).
- vii. Identify CITN Statements of Taxation Standards (STS) applicable to specific business scenarios.
- viii. Explain the concept of Emotional Intelligence and the effect on Business success.

COURSE CONTENTS

1. STRATEGIC MANAGEMENT

- i. Concept of Strategic management
- ii. Strategy definition and features
- iii. Components of strategy statements
 - Strategic intent
 - Mission statement
 - Vision
 - Goals and Objectives
- iv. Strategic management process
 - Environmental scanning
 - Strategy formulation
 - Strategy implementation
 - Strategy evaluation
- v. Comparison of strategy formulation and strategy implementation
- vi. Definition and characteristics of strategic decisions
- vii. Benefits of strategic management
 - Financial benefit
 - Non-financial benefit
- viii. Definition and features of business policy
- ix. Difference between business policy and strategy
- x. Definition, advantages and limitations of SWOT Analysis
- xi. Assessment of e-Business

- Principles of e-Business
- E-Business Application (Purchasing & Supply, Relationship Management, Taxation)

2. RISK MANAGEMENT:

- i. Meaning and types of risk
- ii. Components of business risk including risks arising externally or internally and relating to achievement of:
 - Strategic objectives
 - Operational efficiency and effectiveness
 - Reliable reporting
 - Legal, regulatory and ethical compliance
- iii. Meaning and principles of risk management
- iv. Risk management framework
 - Risk assessment
 - Inherent risk
 - Residual risk
 - Risk management process
 - Identification; Analysis; Evaluation & Ranking; Response Planning; Monitoring & Review
 - Risk monitoring
 - Risk mitigation strategies
 - Risk response strategies
- v. Relationship between risk management, governance, internal control and compliance.
- vi. Tax Audit Risk Assessment
- vii. Meaning and concept of Tax risk Management framework.

3. GOVERNANCE:

- i. Meaning and concept of governance and corporate governance
- ii. Definition and principles of good governance
 - Fair conduct of elections, representation and participation
 - Responsiveness
 - Efficiency and Effectiveness
 - Openness and transparency
 - Rule of law
 - Ethical conduct
 - Competence and capacity
 - Innovation and openness to change
 - Sustainability and long-term orientation
 - Sound financial management
 - Human rights, cultural diversity and social
 - Accountability
- iii. Nature, significance and scope of enterprise governance
- iv. Threats to effective governance from tax perspective
- v. Role and responsibilities of an effective board
- vi. Importance of probity as a principle of governance assessing issues and their implications in a given scenario.
- vii. Principles of good governance in the Public sector
 - Professional ethics
 - Professionalism
 - Leadership
 - Accountability

- Transparency
 - Participation
 - Responsiveness
 - Compassion and humanity
- viii. Governance issues in the accountability of Management to the board, shareholders and other stakeholders.
 - ix. Scope, background and concept of Corporate Social Responsibility (CSR) and Sustainability in business.
 - x. Definition and explanation of Tax morality, Voluntary tax compliance and Tax transparency.
 - xi. Definition and application of Tax Justice concept
 - xii. Recent global development in enterprise and corporate governance.

4. **ETHICS:**

- i. Definition and meaning of Ethics and business ethics.
- ii. Distinguishing features of ethics and morality
- iii. Fundamental principles of ethics
 - Principle of Respect for autonomy
 - Principle of Beneficence
 - Principle of non-maleficence
 - Principle of justice
- iv. Principles of Business ethics (i.e. ethical principles in the workplace)
 - Honesty
 - Integrity
 - Promise-keeping and trustworthiness
 - Loyalty
 - Fairness
 - Concern for others
 - Respect for others
 - Law abiding
 - Commitment to excellence
 - Leadership
 - Reputation and morale
 - Accountability
- v. Relationship between business ethics and business success
- vi. Business ethics and corporate social responsibility
- vii. Ethical principles for CITN Tax Professionals in accordance with Statement of Taxation Standards (STS) and the Professional Rules and Practice Guidelines (PRPG)

5. **EMOTIONAL INTELLIGENCE:**

- i. Definition and meaning of Emotional Intelligence (EI)
- ii. Competencies/Types of Emotional Intelligence
 - Self-awareness.
 - Self-regulation.
 - Motivation.
 - Empathy.
 - Social skills.
- iii. Comparison of Emotional Intelligence and Intelligent Quotient (IQ)
- iv. Importance of Emotional Intelligence to business success
 - Staff Motivation
 - Better working environment
 - Escalation of business success

- Team spirit and bonding
- Elimination of communication barrier

PROFESSIONAL TAXATION II

COURSE TITLE: TAX AUDIT AND INVESTIGATION

Course Description:

The course is designed to cover the audit of all the variables in the income statement, the balance sheet and the cash flow statement identifying the tax audit risk issues and risk assessment. It also covers the investigation of fraud, error of omission or commission and intentional manipulation of the variables in order to lessen the taxpayer's tax liability.

Candidates must have prerequisite knowledge of principles of taxation and financial accounting at Foundation level as well as practice of income and indirect taxation, and income tax for specialized businesses at Professional level I.

Aims and Objectives of the Course:

The aim of this course is to enable candidates to have the knowledge and skill of identifying the risky areas in tax audit and investigation (such as financial misstatements, tax evasion and tax avoidance schemes) and provide mechanism to counter Tax Avoidance and Tax Evasion.

At the end of this course, candidates should be able to:

- i. Explain the concept of tax audit and investigation, identifying the differentiating features of the two concepts.
- ii. Discuss tax audit and investigation principles
- iii. Explain the process for planning tax audit and investigation
- iv. Describe the process for controlling and recording tax audit and investigation
- v. Explain interview techniques for tax investigation
- vi. Explain the determination of audit evidence and understand audit techniques and procedures
- vii. Describe risk based audit approach
- viii. Explain the statutory powers of tax auditors and investigators
- ix. Describe tax audit procedures and risk assessment

COURSE CONTENTS

1. INTRODUCTION TO AUDIT AND INVESTIGATION

- i. Meaning and objective of auditing and investigation
- ii. Merits and demerits of auditing and investigation
- iii. Qualities of an auditor and investigator
- iv. Fundamental principles of auditing
- v. Concept of expectation gap in auditing
- vi. Differentiation between Tax Audit and Statutory Audit
- vii. Differentiation between the Internal Auditor, External Auditor and Tax Auditor

2. TAX AUDIT/INVESTIGATION PRINCIPLES

- i. Definition, nature and purpose of tax audit/investigation
 - An overview of tax audit
 - Classification and types of audit, etc.
- ii. Rules and objectives of tax audit/investigation
 - Legal framework for tax audit
 - Tax audit fundamentals
- iii. Difference between a tax audit and a tax investigation
 - The issue of forensic audit, legal issues and the role of the tax auditor

- iv. Reasons for tax audit and tax investigation
 - Factors for selecting taxpayer for tax audit/ investigation
 - Qualities of a good tax audit and tax investigation exercise
- v. Appointment of tax auditors
- vi. Duties, rights and obligations of tax auditors
- vii. Taxpayers rights and obligation
- viii. Professional responsibilities
 - Competencies and ethics of audit staff
 - Tax auditor's independence

3. **PLANNING OF TAX AUDIT AND INVESTIGATION**

- i. Sources of taxpayers' financial and business information
- ii. General consideration, nature of business, industry, business cycle and tax compliance history
- iii. Audit/Investigation staffing and logistics
- iv. Preparation of tax audit/investigation programmes
 - Audit management and control
 - Case selection and assignment
 - Audit planning and preparation
 - Basic tax audit tools and techniques
 - Use of mark-ups
 - Use of input/output ratios
 - Use of tax performance ratios
 - Other audit techniques

4. **CONTROLLING AND RECORDING AN AUDIT/INVESTIGATION**

- i. Review of accounting system
 - Review of Receipts & Vouchers, the primary books of accounts, cash flow, etc.
 - The examination of the ledgers, control accounts and the trial balance
 - Tax examination of the income statements particularly salient variables e.g. sales, administrative expenses, closing stock, etc.
 - Tax examination of the balance sheet, particularly the current assets, current liabilities and the working capital, to check liquidity risk.
- ii. Allocation and supervision of work
- iii. Documentation of work done
 - Documentation
 - Report writing
- iv. Management of working papers
- v. Evidence of proper review, conclusion and action steps
- vi. Management of commencement and close-out meetings
- vii. Preparation of audit/investigation report
- viii. Decision making after tax audit/investigation
 - Audit/Investigation closure
- ix. Conflicts resolution and settlement of tax disputes

5. **INTERVIEW TECHNIQUES**

- i. Preparation for interview
- ii. Managing the interview process
 - Managing eye contact
 - Reading facial expressions and body language

- iii. Documentation of minutes of meetings and interviews
 - iv. Human relation aspects of field interview
6. **AUDIT EVIDENCE, TECHNIQUES AND PROCEDURES**
- i. Nature of audit evidence
 - ii. Relevance and reliability of audit evidence
 - iii. Audit techniques, inspection, observation, enquiry
 - The elements of risk, fraud and error,
 - The application of forensic audit and substantive audit techniques.
 - iv. Forensic accounting/audit techniques
 - v. Independent confirmation
 - vi. Computation and checks, sampling techniques
 - vii. Reliance on the work of other auditors, including statutory auditors
7. **RISK BASED AUDIT APPROACH**
- i. Understanding Risk Based Auditing
 - ii. Focus of the risk-based audit
 - iii. Steps of risk based audit
 - Determination of the threats (fraud and errors) confronting the organization
 - Identification of control procedures for preventing, detecting or correcting threats
 - Evaluation of control procedures – systems review and test of controls
 - Determination of impact of control weaknesses and degree of auditing required
 - iv. The risk-based approach
 - Taxpayer and Industry Profiling
 - Identifying specific compliance risks e.g. Low stock values compared to turnover; International transfer pricing; Financing arrangements; Wrongly classifying capital expenditure as deductions; etc.
 - v. Process of risk based audit approach
 - Understand the Business Environment
 - Develop a Three-year Audit Plan
 - Preliminary Risk Assessment
 - Secondary Risk Assessment
 - Formal Exit Meeting
 - Reporting and Communication
8. **STATUTORY POWERS OF TAX AUDITORS AND INVESTIGATORS**
- i. Power to obtain information
 - ii. Power to enter premises
 - iii. Power to obtain third party confirmation from banks, etc
 - iv. Power of search and seizure under investigation
9. **TAX AUDIT PROCEDURES AND RISK ASSESSMENT**
- i. Tax audit procedures and risk investigations
 - Tax audit procedures on income ascertainment
 - Tax audit procedures on expenditure ascertainment
 - Tax audit procedures on VAT - Input and output tax including refunds
 - Tax audit procedures on import duties
-

- Cost of Freight and Insurance (CIF) investigations
- Risk in stock taking
- Risk controls in sales department
- ii. Sampling risk and forensic investigations
- iii. Materiality concept and tax audit investigations
- iv. Computer Assisted Audit Techniques (CAAT) relating to income and expenditure

COURSE TITLE: INTERNATIONAL TAXATION

Course Description:

This course focuses on providing students with required knowledge on taxation law and policy from a comparative and international view point. It covers principles of international tax law, tax policy, double tax treaties, transfer pricing rules and thin capitalization.

Prerequisite:

Candidates taking the course should have knowledge of Principle of taxation, Corporate Law and Economics.

Aims and Objectives of the Course:

At the end of this paper, the candidate should have the knowledge and understanding of the following:

- i. Basic principles of international tax law.
- ii. How different domestic tax laws interact at the international plane
- iii. Causes of international double taxation.
- iv. Tax implications on residence Rules
- v. Purpose of Double Taxation Treaty (DTT) and taxation of businesses, individual and investment income under the DTT
- vi. Concept of Permanent establishment
- vii. Application of Nigerian transfer pricing regulation to related party transactions.
- viii. Effect of Thin capitalization on income taxes
- ix. The effects of offshore judicial decisions in resolving international tax matters in Nigeria.

COURSE CONTENTS

1. INTERNATIONAL TAX POLICY

- i. Introduction to International taxation
- ii. Objectives of international tax rules
- iii. Taxation of inward and outward investments
- iv. Definition of Key terms
 - Active and passive income distinction
 - Portfolio investment
 - Double taxation
 - Source and residence tax jurisdiction
 - Controlled Foreign Companies (CFC)
- v. Taxation and public international law
 - History of international tax law
 - Jurisdiction to tax including limits to tax jurisdiction arising from public international law
 - Rules of public international law governing the assessment and collection of taxes; cross-border enforcement of tax debts
 - Introduction to international fiscal policy
 - International settlement of fiscal disputes.
- vi. International fiscal policy and income/profits taxation
- vii. Causes of international double taxation of income/profits
 - Conflicts of residence and source
 - Conflicting definitions of connecting factors

- Other causes of international double taxation (including particular issues for using citizenship as a connecting factor for taxation)

viii. Methods of relief from international double taxation

- Relief by credit – including indirect/underlying credit and tax sparing credit
- Relief by exemption – including participation exemption
- Practical difficulties in applying relief by credit and relief by exemption
- Relief by exemption and relief by credit compared: capital import neutrality vs .capital export neutrality
- Other methods of relief from international double taxation – relief by deduction of foreign tax; relief by deferral

ix. International fiscal policy and indirect taxation

Causes of international double taxation of indirect taxes: origin and destination bases of taxation

- Relief for international shipping and airlines
- World Trade Organization (WTO), General agreement on tariffs and trade (GATT), General Agreement in Trade in services (GAT) and their relevance to taxation.

x. International co-operation between tax administrations

- International co-operation by bilateral agreement; analysis of model agreements on administrative co-operation
- Multilateral co-operation between tax administrations
- Regional developments on co-operation.

2. RESIDENCE

i. General principles of jurisdiction

- *in personam* jurisdiction
- *in rem* jurisdiction
- general / unlimited jurisdiction on world-wide income / property
- limited jurisdiction on locally-sited or property or local-source income.

ii. Jurisdictional links for different taxes

- Customs duties
- Goods and services taxes
- Estate and gift taxes
- income taxes

iii. The concept of connecting factors

- In persona connecting factors
 - Nationality
 - Residence
 - Domicile

iv. Other in persona connecting factors – ordinary residence; habitual residence.

- In rem connecting factors
 - Situs
 - Source -.

- v. **Individual residence**
 - State practice in determining residence of individuals:
 - The 183-day rules
 - Regular visitor rule e.g. business visit, 90+ days per year
 - Definition of a day (24 hours or part of a day)
 - Facts and circumstances of an individual's life e.g. availability of home, Centre of individual's life.
- vi. **Residence of corporations**
 - State practice in determining residence of corporations:
 - Place of incorporation
 - Place of central management and control
 - Place of seat
 - Place of head office
 - Place of principal activity
- vii. **Residence of controlling shareholder(s).**
 - State practice in determining residence of other entities
- viii. Partnerships – place of effective management
- ix. Trusts – residence of trustees; place of effective management

3. DOUBLE TAX TREATY (DTT)

- i. DTT definition
- ii. History of DTT
 - The League of Nations
 - The G20 and OECD
 - The UN Group of Experts
- iii. DTTs and domestic laws
- iv. Purpose of DTT
 - Avoidance of international double taxation
 - Prevention of fiscal evasion, mutual agreement procedures, exchange of information and assistance in the collection of taxes.
- v. Stages in DTT
 - Negotiating DTT
 - Giving effect of DTT in domestic laws
 - Commencement of DTT
 - Termination of DTT
- vi. DTT FORMAT
 - OECD Model and the Commentaries to the OECD Model
 - UN MTC
 - Specific states' models: the US MTC; the Dutch MTC
- vii. INTERPRETATION OF DTT
 - General approach to interpretation
 - The importance of the Vienna Convention on the Law of Treaties.
 - The use of external aids for interpretation such as the status and use of the OECD Commentaries.
 - The application of OECD MTC
 - How interpretation issues are to be resolved by competent authority proceedings – OECD MTC.

- Commentaries on the relevant articles based on the Base Erosion and Profit Shifting Project by OECD and the G20
- viii. DTT PROVISIONS RELATING TO BUSINESSES
- Business profits (with or without a permanent establishment) – Art 7 OECD MTC
 - Shipping and air transport profits – Art. 8 OECD MTC (in outline)
 - Associated enterprises – Art. 9 OECD MTC: status of Art. 9 and link to transfer pricing legislation
- ix. DTT PROVISIONS RELATING TO INDIVIDUALS
- Employment income – Art. 15 OECD MTC
 - Pensions – Art. 18 OECD MTC
- x. DTT PROVISIONS RELATING TO INVESTMENT INCOME AND GAINS
- Income from land – Art. 6 OECD MTC
 - Dividends – Art. 10 OECD MTC –
 - Interest – Art. 11 OECD MTC
 - Royalties – Art. 12 OECD MTC
 - Capital gains – Art. 13 OECD MTC
- xi. RELEVANCE OF THE “OTHER INCOME” ARTICLE – ART. 21 OECD MTC
- xii. LIMITATION OF BENEFIT PROVISIONS- BEPS ACTION 6 PROVISION OF TREATY ABUSE.
- xiii. NIGERIAN DTT MODELS
- Nigerian Tax Treaties and Reliefs
 - Typical clauses
 - Treaty relief by credit
 - Unilateral tax credit
 - Reforms and planning

4 CONCEPT OF PERMANENT ESTABLISHMENT (PE)

- i. Application of domestic laws
- ii. The structure of the business profits provisions
 - Overview of Arts. 5, 7, 8 and 9
 - Relationship with the dividends etc. Arts. – Art. 7(7); 10(4), 11(4); 12(3); and capital gains Article 13.
- iii. The permanent establishment concept
 - The concept of a PE – sufficient presence in a host state
 - The structure of Art. 5 - The fixed place of business PE: paras. (1) – (2); the construction site PE: para. (3); the exempt activities: para. (4); the dependent agent permanent establishment: paras. (5) – (6); associated companies: para. (7); “associated” and “unassociated” permanent establishments
- iv. The “fixed place of business” PE – The basic concept in Art. 5(1)
 - The requirement of a place of business
 - The requirement of being fixed.
- v. The illustrative list in para. (2)
 - What is the purpose of the illustrative list?
- vi. The building site PE
 - Is it a restriction on Art. 5(1)? – does it need to be equally fixed?
 - When does the time period begin and end

- Linked contracts
 - Use of sub-contractors.
- vii. The exclusionary list: para. (4)
- Facilities or storage space
 - Are the separate items all preparatory and auxiliary
 - What does “preparatory and auxiliary” mean
 - Combination of activities – (4)(f)
 - Gathering information; representative offices.
- viii. The dependent agent PE - Dependent agent: para. (5) Definition and different concepts of agency – common law and civil law; common law: agent for an undisclosed principal; civil law courtiers and *commissionnaires générales*.
- ix. Independent agents: para. (6) - Candidates should consider broker and general commission agent; other agent of an independent status (independent legally and economically)
- x. Associated companies - Candidates should also understand situations where subsidiaries would constitute a PE.
- xi. OECD BEPS final report on preventing the artificial avoidance of PE status (Action 7).

5. CONCEPT OF TRANSFER PRICING AND NIGERIAN TAXATION

- i. Overview of the Nigerian Transfer Pricing Regulations
- ii. Definition of Key terms
- Associate enterprise
 - Controlled transactions/ covered
 - Uncontrolled transaction
 - Independent enterprise
 - Arm’s length principle
 - Connected taxable person
- iii. Specific transactions
- iv. Comparability factors
- v. Transfer pricing analysis
- Industry analysis
 - Company analysis
 - Functional analysis
 - Economic Analysis
 - Transfer pricing methods
 - Bench marking analysis
- vi. Other issues

6. EFFECTS OF OFFSHORE JUDICIAL DECISIONS

- i. Judicial decisions on international tax matters
- The interpretation of the concept of beneficial ownership
 - Resolving issues of dual residency for individuals and corporations
 - Meaning of connecting factors

- Meaning of “liable to tax” and “subject to tax”
- Other relevant judgments on interpretation and application of DTT

7. THIN CAPITALIZATION AND NIGERIAN TAXATION

- Definition
- Measures of addressing thin capitalisation
- Effects of thin capitalisation on taxes

8. INTERNATIONAL TAX AVOIDANCE AND NIGERIAN TAXATION

- Tax evasion and avoidance
- Tax avoidance and tax planning
- General principles of domestic laws
- Tax savings
- Decided cases
